The publication of the Greatwood Community Association, Inc. June 2019

Spring Fling

What a great event this year! The children and their parents really enjoyed the rock-climbing wall, dunk tank, and all the various other bounce houses, jousting, putt—putt golf and more. The DJ and Face Painters were also a hit with the young folks. So many vendors participated too and offered a wide variety of goodies and services to the community. A special thanks to Sugar Land Fire Department for bringing in the big fire truck and educating the children on how it all works.

The new addition this year of two animal rescue groups (from Jamie's Rescue and Ft Bend Animal Shelter) was a big hit with young and old alike. The animals were well behaved and really cute and cuddly. The groups even had some adoptions and/or application to adopt – which is just wonderful!

I would like to thank Mike Suarez and his team (Can U or Can't U Cookers) for the delicious brisket, hamburgers and hot dogs that they served. Also, a BIG thank you to Mike's team for helping us set up and clean up for the event.

Hurricane Precautions

Our hurricane season begins on June 1st and extends through November 30th. A hurricane warning is issued when hurricane winds of 74 mph or higher or a combination of dangerously high water and rough seas are expected within 24 hours.

Take care to protect your family and your home during this time period.

- Plan ahead: find the safest room in your house to use as shelter. be prepared for power outages with batteries and battery-operated radio, flashlights, etc. Notify family members know where to meet if evacuation is forced (not likely in our area) and give them various ways to communicate with each other during emergency situations. Make plans for the care of your pets - have food/water/meds for them. Make sure your pet has a properly fitted collar that includes ID tag with your address and cell phone number and that your pet is microchipped.

Have A Disaster Kit Ready To Go At A Moment's Notice:

- Store these items in close proximity to each other so you can quickly grab and take: cash, credit cards and case, 3 day supply of water (one gallon per person-per day), blankets or sleeping bags, 3 –day supply of non-perishable or canned food and a non-electric can opener, change of clothes, rain gear & sturdy shoes, first aid kit and prescription meds, battery powered radio, cell phone charger, flashlight with plenty of extra batteries, extra set of car keys and any special dietary needs.

- For more tools on helping you get ready for an emergency go to the City of Sugar Land Emergency Preparedness Guide at http://webtools.sugarlandtx.gov/sl/epub/eg/mobile/index.html

If you or someone you know needs special assistance and/or has impaired mobility, vision or hearing, it is critical to make emergency plans well before a disaster.

- One option to consider is to register with the Texas Information and Referral Service at 2-1-1 (877-541-7905 for the deaf). This will place your name on the assistance/evacuation registry. The City of Sugar Land's Emergency Phone Bank will call those on the list to check on their welfare and provide transportation if necessary. You must register annually for this service!

Please note: Communications from Greatwood should be secondary to the messages passed on from government officials via local TV, radio and emergency management websites.

The Fort Bend County Office of Emergency Management (OEM) plans and prepares for emergencies, educates the public about preparedness, coordinates emergency response and recovery, and collects and disseminates emergency information.

Summer Safety Tips

SPEEDING
Now that summer is here, many of our children are playing outdoors in their neighborhoods. Although they shouldn't be playing in the street, the reality is that when you turn a corner there may be a couple of kids throwing a ball, riding their bikes or just crossing the street without looking. This is what kids do.

The speed limits in our neighborhood are 35 MPH on the main streets and 25 MPH in the neighborhoods. 25 MPH is SLOW and is posted for a reason. The reason is to keep us aware of the many children in our neighborhoods. It's a hard speed to maintain in our rushed lives, but please make a real effort to SLOW DOWN.

PARKING
Many of our residents are concerned about the increased amount of parking in the streets on a daily basis. Not only is it an eyesore for our streets to resemble a parking lot, but also a huge safety issue. With high school and college-age drivers home for the summer, with lawn crews with trailers and other service people parked on both sides of the street, it's an "accident waiting to happen." Kids often don't think before running into the street and when it's between parked cars, it's doubly dangerous.

PLEASE park your cars in your driveway. This is an inconvenience, when there are multiple drivers in the family, but a small one when weighed against a possible accident. Talk to your yard crew and other service people and ask them to drive slowly and not to park directly across from someone who is parked on the other side of the street.

We all have dinner parties or other social gatherings at our homes. Obviously there will be cars parked in the street for these occasions. Please make sure your guests are not blocking the street or your neighbors' driveways.

POOL PARKING
Please be aware of your children when going to and from your cars when parked in front of our pools or on the streets going to or from swim meets.

Many of our residents have had to slam on their brakes in order to avoid a child that suddenly appears from between parked cars.

If we maintain our speed limits and keep our cars out of the streets, we will keep Greatwood a safe and attractive place for all of our residents.

SNAKES
There have been reports of snakes, some poisonous, in and around homes and around backyard pools. We do live in a heavily wooded community that has detention ponds and amenity lakes and we do back up to the Brazos River. Snakes are a fact of life and although most of us will never see one, they are around.

Just be aware of your surroundings and make sure you check your pools before taking a plunge. Make sure your kids are aware that snakes might be around, especially if they're the explorer types that tend to roam the heavily wooded areas in the community.

Good vision is a critical learning tool for children and can significantly contribute to a child's success in school. A comprehensive eye exam is the best way to diagnose and treat vision problems before they interefere with a child's abililty to learn.

Balanced Bike Program

Just a reminder about Greatwood's balanced bike program. Designed to assist children aged 3-5 with learning to ride a bike, Balance Bikes focus on the fundamentals of balancing, leaning and steering without the distractions and complications of pedals or training wheels. The simple, no-pedal design build confidence and eliminate fear by allowing kids to have their feet on the ground and progress at their own pace. This teaches young children balance on two wheels right from the start, avoiding developmental delays typical with other ride-on toys or tricycles.

Greatwood HOA has a limited number of Balance Bikes for short-term use. Send an e-mail to (greatwoodbalancebikes@gmail.com) with your contact information and you will be notified as soon as a Balance Bike becomes available. The Balance Bikes are available to Greatwood residents at NO CHARGE. A signed waiver and release of liability is required.

Happy Father's Day...

A little shout out to all the Dad's out there...

Recently, my wife and I have been watching "The Andy Griffith Show". It reminds me of times gone by that I spent with my Pop, my Grandaddy, and my boys. When I was younger I remember watching the show, so now I get surprised when I either remember an episode, or don't think that I ever saw it.

Andy, aka, Sheriff Taylor is a lot of what I remember my Pop and my Grandaddy being like. Men of few words, but always seemed to get their point across.

Memories of times that seemed simpler than that of today – times when things weren't so rushed...or maybe they were, and I was just too young.

I hope you spend your Father's Day this year enjoying the simple things in life...

And, thank you for letting us be a part of your neighborhood.

- David Smith
